Ashley—Very versatile looks!

My favorite item is my cuff bracelet. I've had this since middle school and it was one of the first things I bought with my allowance. That's why I have kept it all these years.

For Ashley this month, Bjorn wanted to show how versatile just a few pieces could be in making several outfits. He started with a bias cut black satin dress and added some simple strappy high heels, layered in a cool necklace and even a black scarf.

From that beginning he added a brand new Nicole Miler wrap skirt that was done in silk charmeuse and had an interesting print. Bjorn went for a totally new look by taking away the necklaces, adding Ashley's favorite item, her cuff bracelet and some starfish earrings. Then he uniquely layered the skirt OVER the dress to create a whole new proportion and silhouette. It's an interesting look and Ashley looks great.

Our third look combines the beautiful skirt with a strapless linen bustier, the same fantastic patent high-heeled sandals, a pair of pink earrings and a small bracelet. This is how you take a few items and create fashion that is memorable and fashion forward too.
