

Bjorn Does Mercedes Benz Fashion Week-Part 4

People always ask me what trends and celebrity sightings I've seen at the show and quite honestly there are so many, that I am going to distill it down to my top 10 for Fall 2010! That doesn't mean that you can't start adopting some of these today, by keeping an eye out for similar items at our favorite store, Goodwill! I also took a lot of pictures of people attending shows, just like me so you could see how they express their individuality through their choice of clothing! This is how real trends start—with regular people stepping out of their comfort zone and creating a statement.

Bjorn's Top 10

1. Metallic Trench coats
2. Socks with open toed shoes
3. Fur embellishment
4. Hats
5. Oversize scarves and small capes
6. Leather separates
7. Bright colorful accessories
8. Cropped jackets
9. Menswear inspired looks for women
10. Ruffles

Well, I hope this gives you some good ideas to think about while wondering what to wear next fall, or like I said before, even now! Don't forget that I'm here every week with tips and tricks, as well as to share my access to fashion with you! I will be attending Mercedes Benz Fashion Week in September when the whole shebang moves uptown to Lincoln Center. Then I'll be back to give you new ideas for Spring 2011!

Fashion is at its best when it is re-invented, re-thought and re-worked, isn't that what Goodwill is all about? Reduce, reuse and recycle could also be the terms used to describe our own re-interpretation of great style at a great price. Until next week, Au revoir!
